SUSTAINABILITY

GOODMAN FOUNDATION

The Goodman Foundation unites our people, properties and resources to make a tangible difference to the lives of people in our communities. Through our partnerships with an exceptional – and often grassroots – group of charities, we're able to make a real difference, where and when it matters most.

Doing good
in the world

Goodman
Foundation

How we do good in the world

The Goodman Foundation offers support to charities within three key areas:

Children and youth

Charity organizations who help protect, nurture and support children or young people.

Food rescue and environment

Charity organizations who reduce waste and support those in need by redistributing fresh food or useful items that would otherwise go to landfill.

Community and community health

Charity organizations who support those living with a condition, illness or disability, or whose efforts help to create a more inclusive and equitable community.

SAFETY AT WORK

We believe safe work practices not only protects our people and customers but delivers long-term value for our business and stakeholders. We work with our customers to design and integrate safety controls that focus on minimising and eliminating risk from our properties.

Safety in design

- + Rigorous safety in design assessment and review process
- + Industry leading specification
- + Technical consultation
- + Safe design principals incorporated into the entire building life-cycle.

Safety in construction

- + Pre-qualified D&O contractors
- + Collaborative design and construct process
- + Transparent safety reporting
- + Program of third party Principal Contractor health and safety reviews.

Safety in occupation

- + Pre-qualified service and maintenance contractors
- + High risk work permit process
- + Highly skilled and competent Property Management team
- + Height safety beyond standard and industry leading
- + Ongoing risk identification and mitigation process
- + Smart technologies employed for inductions and site registration
- + Real time alert systems.
