

818 West Lake Street

818 Lake represents a retail opportunity near the west end of the “Bryant Lake Bowl Building” near the intersection of Lake and Bryant. The Bryant Lake Bowl (BLB), a neighborhood fixture for many years, generates a significant amount of traffic to the property which continues to benefit the other tenants within the building. Previous tenants in the space include the Flanders art gallery, Rusty Quarters Arcade, and most recently Underground Printing.

The MPLS public works has recently completed the Bryant Ave reconstruction which includes a new dedicated bike corridor and wider pedestrian sidewalk beginning in front of the building on Bryant.
