**2021 Lakeshore Drive**

NEW ORLEANS, LA 70122

## OFFICE BUILDINGS IN PARK-LIKE ATMOSPHERE

2021 Lakeshore Drive, New Orleans, LA 70122

---

Stretched along the southern shores of Lake Pontchartrain, The Beach at UNO is the only research park in the Greater New Orleans area.

This atmosphere fosters collaborative opportunities between industry and The University of New Orleans and advances the development of the greater New Orleans economy through providing space for growing businesses and public and non-profit enterprises.

There are six individual buildings located on this thirty-acre site which house over 600,000 sf of office, laboratory, and conference facilities.

Four of these five-story buildings currently have space available for lease:

- » Advanced Technology Center (ATC)
- » Center for Energy Resource Management (CERM)
- » Information and Technology Center #1 (ITC-1)
- » Information and Technology Center #2 (ITC-2)

Corporate Realty both leases and manages The Beach.

## AMENITIES

### PARKING

There is abundant and free parking for both tenants and visitors.

### DINING OPTIONS

It is a short walk across the street to the University Center Campus Dining and other food services that are located on the UNO campus. Breakfast, lunch, and dinner are available as well as on-campus and off-site catering. Food trucks come at least twice a week.

### SECURITY

There is 24/7 security patrol. Tenants access the buildings using electronic key cards, and their suites using keys.

### PUBLIC TRANSPORTATION

New Orleans Public Transit bus lines with stops at The Beach.

### FITNESS CENTER

The UNO Recreation and Fitness Center, located directly across the street, offers a wide range of exercise equipment, programs, classes, and basketball and racquetball courts in more than 87,000 sf. Membership rates are available for tenants.

### CONFERENCE CENTER

Slated for a state-of-the-art renovation and soon to be known as The Sandbox is The Lindy Boggs Conference Center, located within the research park. There are six conference rooms of various sizes, from a large auditorium and amphitheater to smaller rooms, and all are available to tenants at discounted rates.

### LIBRARY FACILITIES

Tenants have use of the Earl K. Long Library facilities and services.

## HIGHLIGHTS

### ATMOSPHERE

There's a bit more room to breathe than the busy downtown and all the amenities you need right within reach.

This community atmosphere has a steady line-up of food trucks and tenant events throughout the year to keep the greater collective connected to one another.

Upcoming improvements include covered walkways between buildings, landscaping improvements, expanded food service options, and collaborative work spaces.

### ACADEMIC CONCIERGE

The Beach at UNO is owned by the UNO Research & Technology Foundation—a 501(c)(3), operating as a public-private partnership to support the research, scholarship, and commercialization activities at UNO.

Its internal team is fully committed to acting as liaison between the university, research park tenants, and external business ecosystem.

Tenants can benefit from close collaboration with UNO — participating in joint proposals, collaborative research endeavors, and supporting workforce needs.

### TENANTS

The community of tenants are great complements to the assets of the university and include private businesses, non-profits and government entities. Key areas of concentration include engineering, water and environmental resilience, criminal justice reform, IT, and STEM education, augmented by a multitude of initiatives that enrich a comprehensive network.

The Beach is also home to Eurofins, the world's largest food testing company and a committed partner in working with UNO to advance its business goals.
