## Downtown San Diego

Downtown San Diego is a vibrant waterfront city that continues to emerge and evolve. After more than three decades of redevelopment activity, Downtown San Diego is nationally recognized for setting new standards in urban renewal with the active and coordinated support of organizations including Centre City Development Corporation (Civic San Diego) and the Downtown San Diego Partnership.

While Downtown has always been famous for its spectacular bay front location, it has only been during the past fifteen years that the City has aggressively worked to revitalize under-developed areas, support major entertainment attractions, expand tourism-related facilities, attract new business and encourage a strong residential population base. Since 1975, more than \$1.45 billion have been publicly invested throughout downtown and matched by \$13 billion of private equity. The results are outstanding.

Downtown San Diego today is a thriving 24-hour urban metropolis that features an eclectic and fast-growing mix of residential, office, retail, dining, and entertainment projects and transformed Downtown San Diego in a world-class destination.
