KISSIMMEE NEWS

Skyview Companies breaks ground on \$87M Beaumont site in Kissimmee

By Laura Kinsler | lkinsler@growthspotter.com | GrowthSpotter

PUBLISHED: March 30, 2023 at 3:51 p.m. | UPDATED: August 24, 2023 at 1:52 p.m.

"The New York developer selected by Kissimmee to redevelop the former Beaumont government complex has begun site development for the \$200 million mixed-use project.

Skyview Companies paid the city \$1.45 million on Tuesday as the first installment of the total \$2.74 million purchase price that was approved in 2021. The same day the developer secured a \$52.7 million construction loan from Sumitomo Mitsui Trust Bank, and Japanese bank with offices in New Jersey.

"They're very excited about the Florida market and specifically our greater Kissimmee market, and they saw the value in it," Skyview consultant Mario Farias said. "They came in and they've been great partners to us."

Beaumont Redevelopment

Skyview Companies | Projects

"The vision for "The Allen" formerly known as the Beaumont Redevelopment site is to develop a new 20-acre urban mixed-use neighborhood to enrich the downtown Kissimmee Historic District and the adjacent Medical Arts District.

The Beaumont Redevelopment site is a public-private-partnership project with the City of Kissimmee. The 20-acre site will be developed in 3 phases. Phase 1 will consist of the extension of the city street grid, utilities, and master stormwater system, along with 325 market rate apartments including resort style pool deck, gym, clubhouse, and landscaped private courtyards. Phases 2 and 3 will include additional market rate multi-family apartments, neighborhood retail locations and medical offices. SkyView is responsible for obtaining the debt and equity financing, negotiating entitlements with the municipality, overseeing all aspects of design, construction, and asset management, and implementing and managing the commercial and residential lease-up process."
