OWNER-USER / INVESTMENT OPPORTUNITY | SORRENTO VALLEY

10739-10741 ROSELLE STREET

This is a rare opportunity to purchase and own one of only five stand-alone industrial buildings in the coveted Sorrento Valley submarket sized at less than 10k SF. The Sorrento Valley submarket has transitioned into a biotech/life science submarket, accommodating hundreds of successful life science companies and headquarter offices - making it a desirable region to many businesses. Most notably, the submarket hugs Interstate 5 where the I-5 and I-805 freeways intersect. The desirability of this area ranks high to corporate & high-paid employees due to close its proximity to Carmel Valley, Del Mar, La Jolla and a number of affluent communities.

10739-41 Roselle Street has not changed ownership since its construction; and in the past 15 years there have been no stand-alone industrial properties under 10k SF offered for sale in Sorrento Valley, highlighting the rare opportunity created by this purchase offering.

TENANT INFORMATION

The **Conscious Water Company** has built a strong name for itself in the San Diego area for water products. They have a proprietary filtration system through which they are able to produce some of the highest quality water options for businesses and residences. Available through delivery, Conscious Water has a robust list of clientele which is well-diversified between residential and commercial accounts. The tenant caters to a much-needed and high-barriers to entry industry. Poor water quality is a continuing issue in highly developed and densely populated cities like San Diego and companies like Conscious Water deliver a much-needed solution to the ever-growing population of San Diego.
