2 BLOCKS AWAY

A vibrant and bustling NEIGHBORHOOD

Well-preserved historic buildings are nestled between modern multi-story developments, and area residents and workers enjoy easy access to public transit and freeways.

The Central Eastside Industrial District (CEID) is an emerging hotspot for innovation and is one of the most unique districts in the country, housing office, flex, and industrial jobs while enjoying close proximity to the city core, the natural beauty of the Eastbank Esplanade, and everything Portland has to offer.

The CEID extends north to I-84, south to Powell Blvd., and from east to west between the Willamette Riverfront and SE 12th Ave. It is one of 3 enhanced service districts in Portland, where property owners fund enhanced services such as trash cleanup, graffiti removal and business development.
