East Village Green

About

East Village Green is a new, 60,000 SF park that will be built across the city block between 13th, F, 15th, and G St. The park will serve as a community gathering place for the residents, nearby employees, and East Village patrons alike.

Phase 1

Phase 1 of the park will cost \$55 million and include a 2-story community center, children's playground, multi-purpose lawn, performance pavilion, food & beverage vendors, restrooms, parking, and an off-leash dog park. Construction estimated to begin Fall 2022

The Design

East Village Green is being designed by top local architecture firm – Safdie Rabines in collaboration with OJB Landscape Architecture.

The Neighborhood

East Village – This eclectic neighborhood is now an edgy mix of reclaimed warehouse chic with a touch of ultra-modern new construction. East Village has been compared to Manhattan’s iconic SoHo neighborhood. This neighborhood is bursting with new development and an influx of exciting new concepts.

Petco Park - Originally opened in 2004, Petco currently hosts 84 Padres home games with an estimated 2.4M annual attendees and nearly 300 private and public events annually that results in approximately \$70M per year in visitor spending.

The Campus at Horton – Currently the largest adaptive reuse project in the United States as a reinvention of downtown San Diego’s most iconic mall. This project will span 7 city blocks and include 1 million square feet of commercial space.
