PROPERTY OVERVIEW

The property is strategically positioned within Gainesville's western growth corridor, an area experiencing continued residential and commercial expansion. Dawsonville Highway serves as a major east-west arterial connecting Lake Lanier recreation areas, retail centers, and residential neighborhoods. The site's proximity to the lake creates a unique opportunity to serve the region's boating and recreational vehicle ownership base with much-needed storage capacity. With increasing demand for secure outdoor storage and limited available inventory in the surrounding market, this property offers an attractive development opportunity in a supply-constrained segment. The combination of strong access, recreational demand drivers, and ongoing population growth supports long-term operational and investment potential.

DOWNTOWN GAINESVILLE

Downtown Gainesville is the lively heart of the city, full of charm, character, and a strong sense of community. Set within the historic Commercial District, the area spans about 18 acres and features over 50 beautifully preserved buildings. Main and Washington Streets are lined with unique boutiques, cozy cafés, local art galleries, and popular spots for live music, rooftop drinks, and even old-school arcade fun. Landmarks like the Old Hall County Courthouse and the Smithgall Arts Center with its outdoor pavilion add culture and history to the mix. With regular festivals, a downtown trolley, and plenty of walkable streets, it's a vibrant place where locals and visitors love to gather.

LAKE LANIER

Lake Lanier adds a ton of lifestyle value to the area. With nearly 700 miles of shoreline, it's the kind of place where you can spend the day boating, fishing, paddle boarding, or just relaxing by the water. Locals enjoy a variety of marinas, waterfront restaurants, and scenic spots to unwind—whether it's a weekend adventure or a quick evening escape. Lake Lanier Islands is a major draw, offering everything from lakeside beaches and golf to the family-favorite Margaritaville Water Park, making it easy to turn a regular day into a mini vacation.

NORTHEAST GEORGIA MEDICAL CENTER

Northeast Georgia Medical Center is just minutes away and plays a big role in supporting the health of the community. As the main hospital in the Northeast Georgia Health System, it offers 653 beds and a wide range of advanced services—including a Level I Trauma Center, 28 operating rooms, and full emergency care. Families especially benefit from the Women & Children's Pavilion, which includes a Level III NICU and dedicated pediatric services. In 2025, NGMC opened its new 11-story Green Tower—a \$566 million expansion that added 96 inpatient beds (with future capacity for over 190), a rooftop helipad with direct access to surgical and cardiac care, and a modernized emergency department. It's a trusted resource for high-quality care, right around the corner.
