LOCATION OVERVIEW

3017 E Carey Avenue is located in an established North Las Vegas corridor that continues to support consistent rental demand driven by affordability, workforce housing needs, and proximity to major employment centers throughout the Las Vegas Valley.

The area benefits from convenient access to I-15, US-95, and major arterial roadways, allowing residents to easily commute to Downtown Las Vegas, the Las Vegas Strip, Nellis Air Force Base, and key industrial and logistics hubs. This connectivity supports a broad tenant base and reinforces long-term occupancy stability.

Surrounding retail, schools, and essential services further enhance day-to-day livability for residents, while nearby employment nodes continue to drive steady housing demand. As affordability pressures persist across the valley, North Las Vegas remains a critical market for renters seeking value without sacrificing access.

For investors, this submarket offers a favorable combination of strong tenant demand and attainable acquisition pricing, creating an environment where operational improvements and rent repositioning strategies can be executed effectively. Properties in this area benefit from durable occupancy while still offering room for income growth—making it well suited for value-add multifamily investment.

3017 E Carey Avenue sits squarely within this dynamic, providing a location that supports near-term rent growth potential and long-term cash flow stability through disciplined ownership and management.

CLIENT SUCCESS

"We were absolutely amazed with the dedication and professionalism Paul demonstrated when he listed our property. Within a week of taking our listing, Paul presented us with detailed marketing material and had already brought forward numerous investors with serious offers. Throughout the escrow process, he continued to stay on top of ensuring all of our commitments were upheld and that the Buyer was kept happy in order to make it a smooth escrow period. Going forward we hope to work more closely with Paul as we continue to acquire and sell properties."
