## PROPERTY DESCRIPTION

Spanning approximately 4.68 acres across multiple parcels this property features six buildings designed to accommodate a variety of industrial and commercial needs.

**Building #1** sits on a 64,105 sq.ft. lot with one main warehouse that measures approximately 150' X 40' or +/- 6,000 sq.ft. and one small warehouse that measures approximately 34' X 40' or 1,360 sq.ft.

**Building #2** is a 20,880 sq.ft. dock high warehouse with 43' eaves and a heavy floor load capacity that was constructed in 2011/2012. It used to house finished paint products that were very flammable and therefore has a high expansive foam suppression system that can fill the entire building with foam in 7 minutes. The building is connected via a breezeway to **Building #3**, which was a two story manufacturing warehouse with some offices/lab space that totals approximately 26,500 sq.ft.. This warehouse also has a heavy floor load capacity on each level and has a similar foam suppression system with the only difference being this one does not fill the entire building from top to bottom.

**Building #4** is a 2,400 sq.ft. general office building with individual offices and large meeting rooms.

**Buildings #5 & #6** are each warehouses that are connected and used to house raw materials totaling approximately 23,869 sq.ft. with 20' eave heights.

Building 1, on Lot 17 can be purchased separately for \$675,000. Call the agent for more information.
