PROPERTY SUMMARY

OVERVIEW

Positioned along Sanford's primary commercial artery, this 0.97-acre parcel offers unmatched visibility and accessibility in a high-growth market. The property is zoned IL (Light Industrial), providing exceptional flexibility and a wide range of potential uses—from retail and service to light industrial and commercial development.

Delivered with new road infrastructure, a shared access easement, and utilities stubbed to the site, the parcel is development-ready with no stormwater requirements. Neighboring a new Dollar General, the site benefits from built-in traffic and exposure, making it an ideal opportunity for investors and end-users alike.

LOCATION DESCRIPTION

Located along Sanford's main commercial corridor, this 0.97-acre parcel offers excellent visibility and connectivity in a rapidly growing submarket. The site benefits from new road infrastructure with a shared access easement, utilities already stubbed, and no stormwater requirements. Positioned directly beside a new Dollar General, the property is ideally suited for retail or service uses seeking strong traffic exposure and easy accessibility.

SITE
FUTURE
685

685 North Carolina could get a new interstate as part of a newly-passed federal infrastructure bill. It would be known as Interstate 685 and potentially have a big impact for the Carolina Core region, including Lee and Harnett counties. The plan is for a road that would start in the Triad and end in Dunn at Interstate 95, just minutes away from Fayetteville. **U.S. Highway 421 would become designated as I-685** in the future, however, there are still a few crucial steps needed in order for the change to become a reality.

EDUCATION

Located in the heart of North Carolina, the Research Triangle Region gets its name from Research Triangle Park and three Tier 1 research universities — Duke University, North Carolina State University and the University of North Carolina Chapel Hill — located only minutes apart.

The region is comprised of ten member counties and the Research Triangle Park. A diverse business ecosystem, talented workforce, and high quality lifestyle are major factors in the area's continued growth.

LEE COUNTY

Some of the nation's best-known companies thrive in Lee County. Worldwide leaders like Moen, Pfizer, Coty, Tyson, Caterpillar, Bharat Forge, and Astellas. And then there's Frontier Yarns and Static Control Components, two worldwide industry leaders created right here. Static began as an entrepreneurial startup, operating out of a basement workshop. It now employs well over a thousand people.

Lee County offers worldwide access, through its solid transportation network. A world-class workforce, supported by outstanding industrial training and prepared to produce results. And, an exceptional quality of life, offering the conveniences of small town life with quick and easy access to Raleigh, Durham and the rest of this famed Research Triangle region.

The Raleigh-Durham market is one of the leading locations for life science cluster in the United States. While the Research Triangle Park and Downtown Durham are the dominate submarkets, nearby Sanford is quickly gaining momentum as a prime destination for new life science investment. The Research Triangle Region is the fourth largest cluster of life science companies in the United States. This includes Pfizer, Astellas Gene Therapies, and Kyowa Kirin, who broke ground in 2024 on a \$530M facility expected to create more than 100 jobs in Helix Innovation Park at the Brickyard.
