C) Uses Not Otherwise Classified:

Certain uses proposed that cannot be classified as a permitted use in the General Commercial Zoning District, or any other zoning district, must receive a conditional use permit from Mayor and Council, prior to the issuance of an occupational tax license. The conditional use process is outlined in subsection D, below, and follows the Zoning Procedures outlined in Article 14.

D) Conditional Uses:

Any person requesting a permit under this Section shall submit an application and shall submit sufficient evidence demonstrating compliance with standards contained herein, as applicable.²⁹ In considering the application for a conditional use, the Mayor and Council shall be guided by the following standards:

It is found and declared that there exist uses and activities that have potentially serious objectionable and deleterious effects on the public health, safety, morals and welfare and that it is in the public interest to introduce special regulation of such uses and activities to abate or eliminate adverse effects contributing to a blighting or downgrading of surrounding neighborhoods and businesses. It is the purpose of this Section, therefore, to safeguard the best interests of the citizens of the City of Holly Springs, to protect and enhance the quality of the environment, and to promote the public health, safety and welfare by achieving the following:

- A. Providing appropriately located areas for the various uses listed herein to meet the needs of the City.
- B. Supporting development compatibility with surrounding uses and neighborhoods while suggesting uniqueness and character.
- C. Protecting the property values of existing business developments from inappropriately located uses and to enhance the investment of residents and business owners.
- D. Encouraging uses to be grouped.

The provisions of this Section shall prevail over conflicting provisions of any other Article or Section of the City Code, except Article 12, *Non-Conforming Uses*, and shall supplement any other applicable regulations and ordinances.

There are some conditional uses, which may be permitted, but must also meet additional stipulations in order to apply for a permit. The Zoning Administrator shall consider the application and evidence of compliance with such additional stipulations as stated in each respective article. The conditional uses which must meet additional stipulations within the General Commercial District, and the Article where the additional stipulations are found are:

<u>Conditional Uses:</u>	<u>Article</u>

Rear	15'

*Septic tank approval is made by the City when the Cherokee County Environmental Department regulations are met and satisfied.

F) Lighting:

When a non-residential zoning district abuts a residential district or other use, if outside lighting is utilized, such lighting shall be established in such a way that no direct light shall cast over or into any property line nor adversely affect neighboring properties.

G) All non-residential zoning districts:

All outside storage areas and accessory structures must be located on the same lot and to the side or rear of the principal use at least 15 feet from the side or rear lot lines and may not be located within 25 feet of any residential property. A solid fence or wall no less than 8 feet height must screen storage areas. A maximum of 25% of the total lot area may be used for such purpose. All accessory structures must be architecturally compatible with the principal structure.
