

Your Health & Safety is Our Priority!

Our plan will meet or exceed all applicable CDC, State, County and City guidelines to ensure the continued safety of our community. Additionally, we have implemented the following safety enhancements:

- HVAC filters have been upgraded to MERV 13 or better to enhance filtration.
- Electrostatic cleaning daily.
- Hand sanitizing stations provided throughout the campus.
- Enhanced cleaning and sanitation protocols.
- Outside air flow will be increased to designed maximums for each building.
- All building staff, management, tenants, visitors and delivery personnel are required to wear facial coverings.
- Elevator capacity reduced.
- Stairwells are open and available as an alternative to elevators.
- Seating area capacity reduced to encourage physical distancing.
- Campus conference center capacity reduced to encourage physical distancing.
- Building entry points reduced to allow for additional monitoring all of entrants.
- Friendly signage displayed throughout the common areas.
