WATER STREET DISTRICT

DAYTON, OHIO | Crawford Hoying, Brackett Builders and Woodard Development have proudly partnered with the City of Dayton to transform the vacant riverfront into a vibrant and walkable mixed-use neighborhood – Water Street District. Located adjacent to RiverScape Metropark and Day Air Ballpark (home of the Dayton Dragons), this project currently includes office, retail/restaurant space, structured parking and two hotels. In addition, the development offers for rent residential units including The Delco, Delco Lofts, Water Street Apartments, Monument, The Sutton and Centerfield Flats.

GET TO KNOW DAYTON

With the fourth largest metropolitan area in Ohio, Dayton offers urban vibrancy without losing a sense of community.

The home of the Wright brothers lives up to its heritage with a conveniently located international airport, and the Wright-Patterson Air Force Base, which employs more than 31,000 people and brings people from all over to Dayton and the surrounding suburbs. Dayton's thriving healthcare industry is growing at a rate of more than 2x the national average, and the University of Dayton and Wright State University bring students, innovation and opportunities for growth to the area.

THE DELCO

THE DELCO, formerly known as Mendelsons, is a historic building that has been a community landmark for decades. Crawford Hoying purchased the property in 2019, renamed the project “The Delco,” and announced plans for a renovation of the building with a mix of uses to better serve the needs of the Dayton community. The building offers market-rate multi-family units, ground floor commercial space, office space on upper floors, parking spaces on the lower levels and several residential amenity spaces. At approximately 515,000 SF, this is the largest project done to date in the Water Street District. The completion of this renovation and the addition of both residential and commercial users into the neighborhood is the largest step yet in the revitalization of this area in downtown Dayton - and a culmination of a vision which started more than a decade ago.
