<b>Settlement Area</b>	Immediately adjacent - south side of HWY 9 is the Village of Schomberg
<b>Water / Wastewater</b>	<100m to Existing Infrastructure

(South Side of HWY 9 & Sideroad 20)

## Location Overview

The Property is formally located within the New Tecumseth township, one of the fastest growing Townships within the Toronto Census Metropolitan Area (28.3% increase between 2016 – 2021). The location of the Property benefits most from the property’s location immediately adjacent to the Village of Schomberg which is widely considered a charming, historic village in King Township, located less than an hour north of Toronto near Highways 9 and 27. Known for its quaint, walkable main street, it serves as a rural hub, offering local shops, restaurants, and a strong local community. Culturally Schomberg is known for its historic downtown with specialty shops, the annual “A Main Street Christmas” event, and the unique “Schomberg Scarecrow Competition” and home to the “World’s Largest Inukshuk”. Situated north of the Oak Ridges Moraine and south of the Holland River, Schomberg has become a popular stop for visitors seeking a small-town atmosphere, similar to Unionville, with a mix of modern, cozy cafes and historic charm.

The expansive Site benefits from exceptional proximity to major regional commuter routes with a variety of immediately accessible community amenities, schools and main street attractions. Although not identified as a near-term subdivision opportunity, the location of the Property provides for a strategic investment for future development potential as a natural extension to existing water and wastewater infrastructure located adjacent to the Property on the south side of HWY 9. In the immediate future, the site provides a truly unique building opportunity for a vast estate residence which is well-connected to an established neighborhood, community infrastructure and amenities and a variety of public golf courses and private membership establishments.

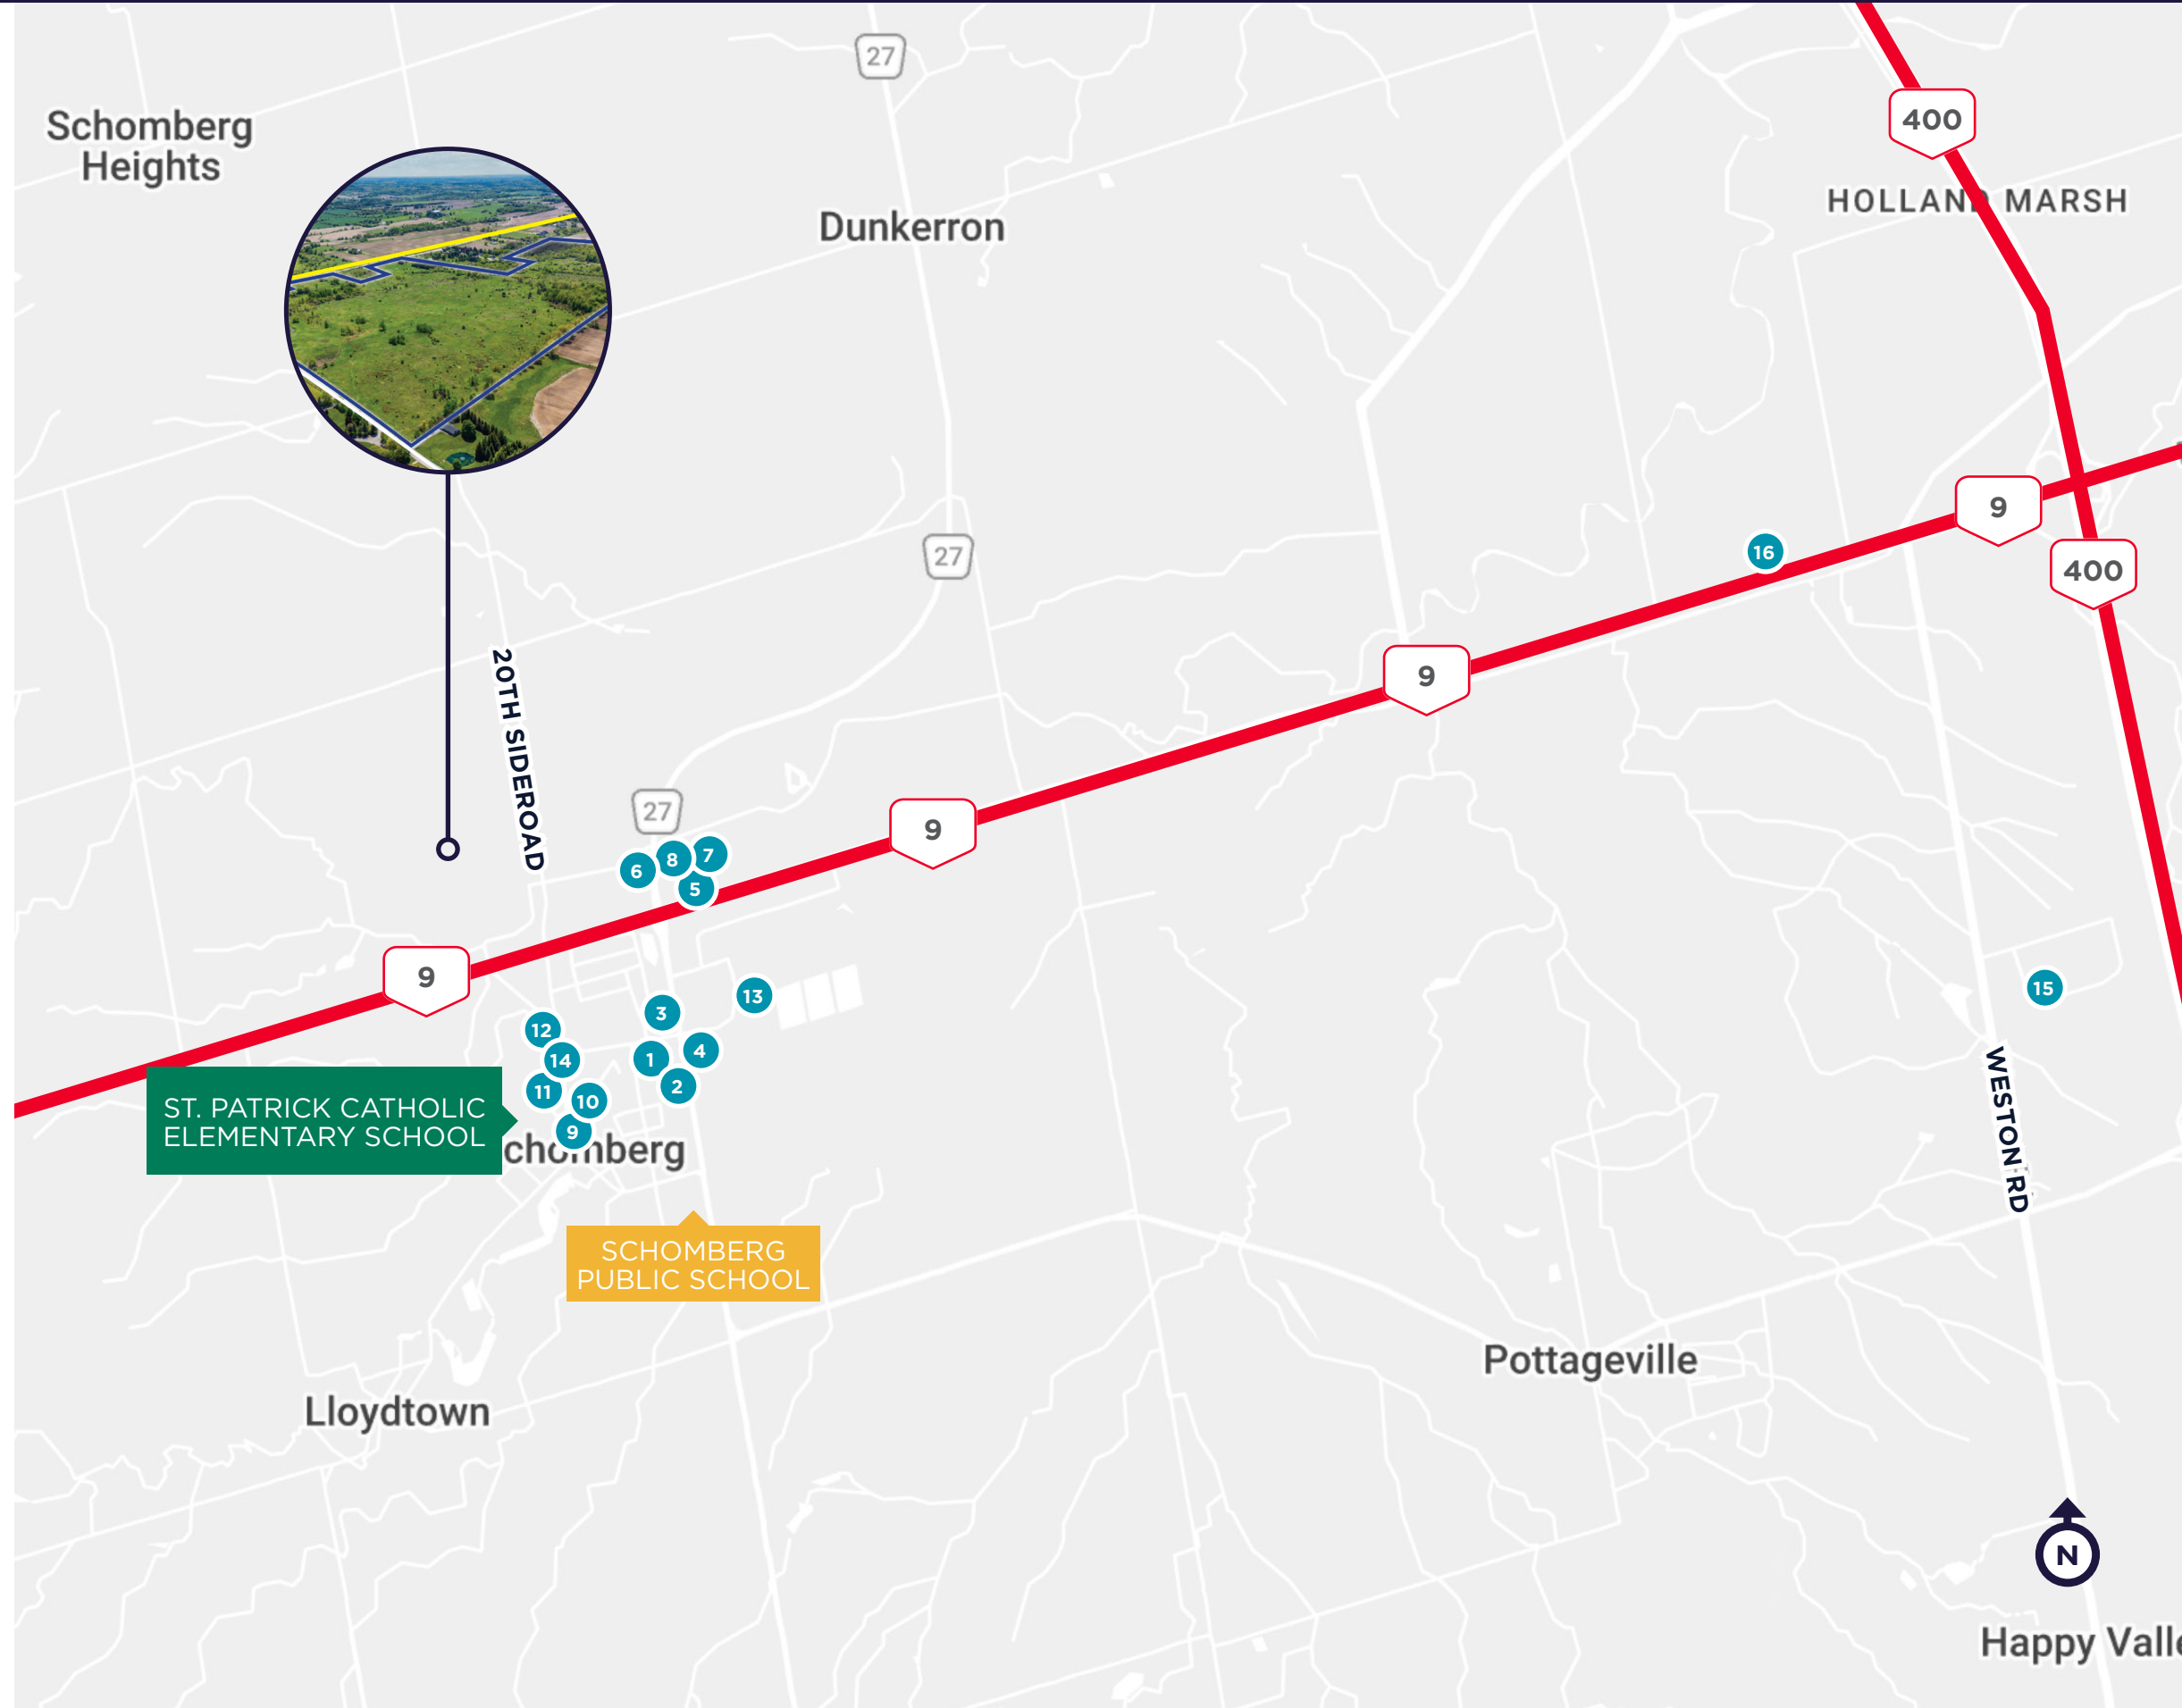

Biggest Inukshuk

The Schomberg Pub & Patio
