Location Overview

921-929 Eastwind Dr is located immediately off of I-270 in the vibrant city of Westerville, Ohio which is a northeastern Columbus suburb that is within close proximity to the Airport, Polaris, Easton and New Albany. New Albany is located immediately to the northeast and is dubbed as the “Silicon Heartland” because it is the future home to the \$20 billion Intel chip manufacturing plant and other major tech companies such as Google and Facebook. Westerville boasts a population of nearly 40,000 residents and is home to many major employers such as DHL, Mount Carmel, JP Morgan Chase, ABB and Vertiv. The city of Westerville has a reputation of being extremely proactive and pro-business which is demonstrated by its hands on approach and various economic packages offered to companies that choose to locate within the community.

Nearby Amenities

The Westerville submarket boasts over 4.1 million square feet of office space, more than 4 million square feet of retail space, and upwards of 250 retail establishments. The area is home to a number of prominent companies, including Vertiv, DHL, Central Ohio Primary Care (COPC), and T. Marzetti Company. The submarket is also adjacent to the thriving Polaris area.
