LOCATION & AMENITIES

General Motors opened their 7.9 million square foot manufacturing plant in Spring Hill 1990, spurring major economic development for the city and bringing thousands of jobs to the area. In April 2021, Ultium Cells LLC, a joint venture of LG Energy Solution and General Motors, announced a more than \$2.3 billion investment to build a second battery cell manufacturing plant in Spring Hill. The approximately 2.8 million-square-foot battery cell plant is scheduled to open in late 2023 and will use an advanced and efficient battery cell manufacturing processes.

SPRING HILL

An Ideal Location between
Maury County and Williamson County

Spring Hill benefits from its proximity to both Maury County and Williamson County. Maury County provides businesses in Spring Hill access to a strong blue collar labor pool while sitting at the doorstep to Williamson County, the fastest growing and most affluent county in the state. Spring Hill's population grew 276% between 2000 and 2010. From 2010-2020, the city of Spring Hill's population exploded from 29,036 to 50,005 for a population change of just over 72 percent, making Spring Hill the fastest growing Tennessee city during the past decade. Recently General Motors announced a 2.8 million square foot battery plant scheduled to open in late 2023 with an investment of \$2.8B to the local economy.
