Gateway Square is one of Greater Hartford's premier medical office buildings. It is the home to many medical practitioners including Trinity Healthcare of New England, Prime Health Care, Select Physical Therapy, and Prignano Family Eye Care.

Constructed in 2007, this signature medical building is centrally located at the intersection of Main Street and Connecticut Boulevard, just blocks from I-91, I-84 and Routes 2. Gateway Square services Hartford, East Hartford, South Windsor, Manchester and Glastonbury.
