PROPERTY DESCRIPTION

SITE DESCRIPTION

Located in the historic district of Athens, Alabama and adjacent to The Square which is the backdrop for parades, storytelling, and art events downtown. The Square is surrounded by a retail area to shop for unique items and provides dining options local to the area. The available space is nestled within a historic building that was used as a cotton warehouse during the 1800s prior to loading the cotton on trains for transport. It is also a short distance to Athens State University and educational training facilities. The building is currently undergoing extensive renovations for special use including retail, restaurant, or office space. Architectural renderings depict the end result of the project which is scheduled to be complete in Fall of 2022.

EXTERIOR DESCRIPTION

Historic brick and mortar building with original windows. The new metal roof maintains the building's historic style. Once renovated, front roll-up door will be replaced with an updated modern roll-up door which would be great for a restaurant or coffee shop. Green area next to the building will allow for outdoor tables once complete as depicted in the architectural drawings.

INTERIOR DESCRIPTION

The interior of this fantastic site has been gutted and is currently undergoing renovation. Exposed, spiral ductwork and black painted industrial ceilings that reach 12 feet in height add character to the already amazing space. Brand new HVAC units have been installed. The rustic historic brick, some dating back to the 1700s, is exposed and adds to the historic charm of the building. The interior shell space will be built-out per tenant use.

PROFESSIONAL BACKGROUND

As a long-term resident of North Alabama, I've seen first-hand the transformation of the Huntsville market from a small often overlooked military and aeronautical town into a surging, economically diverse powerhouse that is currently commanding the attention of commercial real estate investors on national and international levels. As a result, my clients benefit from a lifetime of valuable insight and expert market information, which enables them to make informed and profitable investment decisions. Prior to my real estate career, I was enlisted in the U. S. Army, honorably serving for four years. My deployment included a tour in Germany and two tours in Kosovo and Iraq. I believe those experiences instilled in me discipline and professionalism, beneficial to be successful in the commercial real estate industry.

I joined Gateway Commercial Brokerage in 2016 as a sales associate. Since then, I have quickly and energetically created a strong foundation of local and national clientele by providing superior investment real estate acquisition, reposition and disposition services. In my real estate career, I excel in retail and multi-family sales and acquisitions, asset management, comprehensive investment analysis, strategic financial advising and landlord/tenant representation for commercial lease transactions. In addition, I am an active real estate investor and principal. I have a proven track record of diligently representing my client's best interests with uncompromising integrity, high ethical standards and a focus on cultivating meaningful business relationships.

My wife, Leo, and I reside in the city of Hartselle. When we have free time, we enjoy traveling, trying new restaurants, but mostly can be found on the water. Sailing, diving, and spearfishing are some of our favorite activities.
