Property Description

We are pleased to offer this exceptional 4.56± acre development opportunity at 97 County Road in Scarborough, Maine. The site is situated in Scarborough's Town and Village Centers Transition District (TVC2), with the rear portion of the property falling within the Rural Farming (RF) zone. This dual-zoning configuration creates a compelling blend of commercial and residential flexibility within one of Greater Portland's most active growth communities. TVC2 encourages village-scale development that accommodates retail, restaurant, office, financial, civic, and residential uses in a pedestrian- and motorist-friendly environment. Commercial build-to-suit opportunities include quick-service restaurants with drive-through, bank branches, neighborhood retail, medical and professional offices, and mixed-use concepts. Maine's LD 1829 housing legislation further expands the residential development potential of this site for qualified buyers and developers.

Maine LD 1829 - Residential Opportunity

Maine's LD 1829 (effective 2023) significantly expands residential development rights statewide. Key provisions relevant to this site include:

- Duplexes permitted by right on lots where single-family homes are allowed
- Reduced lot size and setback requirements support higher-density infill
- Mixed-use overlays allow ground-floor commercial with upper-floor residential
- ADUs permitted on any lot with a single-family principal structure

Combined with TVC2 zoning, this site presents an exceptional opportunity for residential or mixed-use development. Buyers should confirm specific density allowances with the Town of Scarborough planning office.
