CBRE

Executive Summary

CBRE is pleased to offer 6,546 SF in the Skelly Plaza Building, located in the heart of Tulsa. Recently refreshed and upgraded, the building presents well with a sleek and modern color scheme and offers an exceptional opportunity for a business seeking a professional office space with ample parking and great visibility to I-44 in a central location. The building has ± 60 parking spaces allowing for ample parking for uses with higher-than-normal parking counts. The professional landscaping elevates the curb appeal and hands-on local management is attentive to the buildings needs.

Inside, you'll find an upgraded and stylish lobby area with artwork and couches and the common area restrooms are clean and bright. The office space has a full glass entry, allowing plenty of room for

your company's logo. With secure key-fob access, the suite opens into a small waiting area where a receptionist can greet guests before escorting them through the second secure door into the office area. As currently configured, the space features a large conference room, three oversized executive offices, two open bullpen areas, ten private offices, a large copy room and two break rooms. All the perimeter offices have large windows, allowing plenty of natural light.

Whether you are looking to establish a new location or need expansion room, Skelly Plaza is designed to meet your business needs.
