Investment Overview

2909 S Quillan St is a modern 25,850 SF retail shopping center built in 2013, offered for sale at \$8,164,000. The center is fully leased with stable local tenants such as Anytime Fitness, GoWireless, M&C Nails Spa, Papa John's, Salon 509, and Tip's Thai House.

Located in one of South Kennewick's premier high-traffic commercial corridors, this well-maintained retail property sits adjacent to major national anchors including Walmart, McDonald's, Burger King, Starbucks, and Home Depot, delivering strong visibility and daily customer draw.

Kennewick is the commercial hub of the Tri-Cities region, supported by steady population growth, rising median home values, and a diversified economy anchored by healthcare, manufacturing, retail, and professional services. The area offers an affordable cost of living, no state income tax, short commutes, and attractive quality-of-life amenities that continue to drive in-migration.

A major economic engine for the region is the Hanford Site and the Pacific Northwest National Laboratory (PNNL). These institutions bring billions in federal contracts, high-wage employment, and sustained economic activity into the Tri-Cities area, bolstering consumer spending and supporting long-term demand for retail real estate.

- **Prime Location & Tenant Synergy** - High-traffic South Kennewick retail node with national retailers generating built-in foot traffic and customer draw.
- **Stabilized Cash Flow** - The asset operates at 100% occupancy with all leasable space under executed, market-rate leases to qualified tenants.
- **Modern Construction & Condition** - Built in 2013 with flexible inline retail layout suitable for a variety of uses.
- **NNN Lease Structure** - Minimizes landlord operating expenses on leased spaces.
- **Growth Market Potential** - Positioned to benefit from ongoing Tri-Cities population gains, retail demand, and limited new competitive supply in this submarket.
