$3,999,000.00

4349 BOGGY CREEK ROAD

KISSIMMEE, FL 34744

PROPERTY HIGHLIGHTS

- Size: **217, 582 SqFt**
- Frontage: **315 feet** of frontage on Boggy Creek Road.
- Zoning: Currently designated **IR (Industrial Restricted)**. This is a result of a recent, complete rezone of the surrounding area by the county to Industrial classification. Allowable uses are specified in the attached documentation.
- **Expansion Opportunity**: Ability to combine with the adjacent parcel for 10 contiguous acres and 615 feet of total frontage on Boggy Creek Road.

This prime industrial development land is strategically located on the corner of Boggy Creek Road and Timber Road. The property benefits from the county's recent full re-zoning to the desirable Industrial (IR) classification. Positioned advantageously near Lake Nona, the tourist corridor, and major highways, the site is exceptionally well-suited for industrial uses. Future value is enhanced by significant infrastructure upgrades, including the ongoing expansion of Boggy Creek Road to a four-lane thoroughfare and the planned installation of a traffic light at the Boggy Creek/Timber Road intersection. Furthermore, the parcel offers unparalleled scalability, with the ability to combine with the adjacent lot to create a contiguous 10-acre site boasting 615 feet of frontage on Boggy Creek Road.

PROPERTY OVERVIEW

OSCEOLA COUNTY

LOCAL ECONOMY & DEVELOPMENT

Osceola County is currently defined by significant progress on infrastructure and major economic development projects, most notably the approval of a large Fiscal Year 2026 budget prioritizing transportation, and the announcement of a massive mixed-use transformation of Osceola Heritage Park in partnership with the owners of Orlando City Soccer Club. Simultaneously, the city of Kissimmee is advancing several downtown revitalization efforts, including new hotels and a convention center, while the county focuses on new initiatives like a Tech Library and the opening of new affordable housing communities.

The majority of Osceola County's major developments, while located throughout the Kissimmee area, are directly or indirectly connected to the Boggy Creek Road corridor.
