Property Summary

We are offering this pristine 9.266± acre tract of primarily woodlands for sale. The 9.266± acre parcel is raw, undeveloped land, with a detention pond toward the front of the property. The topography of the parcel is gently sloping.

The property is a surplus parcel owned by St. Teresa's Episcopal Church and being offered for sale by the Church adjacent to the west of primary Church Campus.

Location

Located in unincorporated Cobb County, the property sits near other single-family detached developments, including Brookstone Golf & Country Club.

Access / Frontage

This 9.266± acre property is located off Fords Road, west of Mars Hill Road.

Utilities

Utilities are served by Cobb County. Water is available in the right of way of Mars Hill Road. We are still determining the best connection for gravity flow sewer. We have conducted research on the current options and can share that information. The best option appears to be to tie into an existing manhole on the east side of Mars Hill Road.

Zoning / Future Land Use

The property is currently zoned R-30 (30,000± square foot minimum lot size) with a Future Land Use Designation of Very Low Density Residential (VLDR). However, there are multiple existing subdivisions surrounding the subject property that are zoned PRD. The R-30 district is established to provide locations for single-family residential uses or residentially compatible institutional and recreational uses which are within or on the edge of properties delineated for any residential category as defined and shown on the Cobb County Comprehensive Plan.

When residentially compatible institutional and recreational uses are developed within the R-30 district, they should be designed and built to ensure intensity and density compatibility with adjacent single-family detached dwellings.

Price

The Property is being listed without an asking price.

Market Summary

Kennewaw Mountain National Battlefield Park

Kennesaw Mountain National Battlefield Park is a 2,965 acre National Battlefield Park located 8± miles east-northeast of the subject property that preserves a Civil War battleground of the Atlanta Campaign. Opposing forces maneuvered and fought here from June 19, 1864 until July 2, 1864. Although most famous as a Civil War battlefield, Kennesaw Mountain has a much richer story.

The elevation of Kennesaw Mountain is 1,808 feet above sea level. While hiking up to the top, an elevation of 708 feet is gained in the short 1.2 miles.

Kennesaw Mountain was a physical barrier standing between a large Federal force and an important Confederate railroad and manufacturing center. The battle played an important role in a complicated national drama of bitter military combat and politics.

Today Kennesaw Mountain National Battlefield preserves the locations of and commemorates the major events associated with the Battle of Kennesaw Mountain. It is the only National Park Service property that commemorates the Atlanta Campaign.

More importantly to many area residents, The National Park offers 3,000± acres for recreation, jogging, hiking, horseback riding, picnics and preservation. It is an oasis of natural beauty in the modern cities of Marietta and Metropolitan Atlanta.
