At least 3 stories 60%

# Zoning

§ LDO3-23.2. Automobile Service Stations. [Ord. No. 2006-1035 § 4; Ord. No. 2006-1048 § 4; Ord. No. 2006-1053 § 4]

## A. Required conditions.

1. Distance from place of public assembly. Automobile service stations shall be at least 300 feet measured in a straight line from its lot line to the nearest lot line of any lot upon which is located as a theater, auditorium or other place of public assembly, capable of seating over 100 persons, or a church, hospital for humans, college, school, public library, or institution for dependents or children, or any public playground or athletic field.
2. Mixed use. Automobile service station shall not include car washes, motor vehicle body repair or convenience stores.
3. Minimum lot area and frontage. The minimum lot size for any lot upon which any automobile service station is located shall be 40,000 square feet and the minimum street frontage of said lot shall be 150 feet. If an automobile service station is located on a corner lot, the minimum street frontage on each street shall be 150 feet.
4. Entrance and exit driveways. Entrance and exit driveways to and from any lot upon which is located an automobile service station shall have an unrestricted width of not less than 16 feet nor more than 30 feet, shall be located not nearer than 15 feet from any lot line nor 50 feet from any street intersection and shall be designed so that exiting vehicles do not have to back out across any public sidewalk, street, highway, or right-of-way.
5. Paving requirements. All driveways and other areas over which motor vehicles are intended to be driven or parked shall be paved in accordance with the standards contained in Article IV.
6. Outdoor repair prohibited. On any premises upon which an automobile service station is located, all services or repairs to or for motor vehicles, other than such minor items as the changing and filling of tires or the sale of gasoline or oil, shall be conducted within the confines of a building capable of being wholly enclosed.
7. Setback restrictions. No part of any building used as an automobile service station and no filling pump or other service appliance, whether for gasoline, oil or any other combustible liquid or material, shall be erected within 20 feet of any lot line and the twenty-foot free area required hereunder shall at all times be kept free, open and unobstructed for the purposes of ready access by emergency fire and police vehicles.
8. Storage of flammable materials. At any automobile station, storage facilities for gasoline, oil, or other flammable materials in bulk over 55 gallons shall not be located closer than 40 feet from any lot line other than any street sideline. No gasoline or oil pumps, oil or greasing mechanism or other service appliance installed for use at such premises shall be within 25 feet of any street sideline and no gasoline pump shall be located or permitted within any enclosed or semi-enclosed building or within 10 feet thereof.
9. Outdoor displays. As regulated in Section 4-3D.
10. Location of automobile service stations in relation to residential zones. No automobile service station shall be located adjacent to a residential zone.
