Second Generation / Education Opportunity – Chicago’s West Loop

Approx. 5,100 SF | Fully Built-Out Childcare Facility | Turnkey for Education or Enrichment Use

Prime Downtown Location

Positioned in Chicago’s highly sought-after West Loop, one of the city’s most dynamic mixed-use neighborhoods. The surrounding area offers a blend of residential density, office populations, and nearby educational and healthcare institutions — ideal demographics for childcare or learning-focused operators

Established Infrastructure

Existing classroom build-out and child-safety infrastructure already in place, minimizing tenant improvement costs. The space is adaptable for early education, preschool, after-school, or enrichment programming.

Strong Market Fundamentals

West Loop continues to experience strong population growth, new residential developments, and consistent demand for educational and family services. The area’s mix of professionals, students, and long-term residents supports steady enrollment potential.

Accessibility & Exposure

Excellent visibility along a walkable, transit-connected corridor with convenient access to major CTA lines, commuter routes, and nearby institutions.
