

Nimble

WORKSPACES

Redemption Square

Welcome to Nimble Workspaces

Here you'll find flexible workspaces and private offices where you can focus on conquering business. We offer a headache free experience with easy to use technology. All you need to start working is your computer. We handle the furniture, internet, utilities and provide covered garage parking. Downstairs you'll enjoy a multitude of restaurants, a salon, miles of trails, and acres of parks. What are you waiting for?

Your Company's Private Office

With 36 private offices, there's a workspace for every team size. Love light? 50% of our spaces are on windows. Even our interior offices receive natural light via an abundance of glass throughout the workspace.

Your Open Workspace

Need a more conducive place to work than a coffee shop? Enjoy our flexible coworking memberships that include all the coffee & espresso you can drink while having like minded neighbors. Did we mention, if you drink 2 cups of joe a day, it pays for itself? Plus free garage parking.

Huddle Spaces

Private office members enjoy two comfortable huddle spaces where they can have an informal meeting or just relax and read.

Recording Ready Podcasting Studio

Already have a podcast, or looking to start one? The podcasting studio is equipped with 2 Shure microphones and a RodeCaster Pro mixer, ready to take on whatever recording project you might have.
