## MOBILE MARKET OVERVIEW

Mobile is a major port and shipbuilding and commercial center at the head of Mobile Bay on the Gulf Coast.

The city benefits from some tourism, and manufacturing industries include paper, automotive and aerospace. The area has grown considerably as a port facility, in part because of the growth of Asian-owned auto plants in Alabama and other parts of the South.

The aerospace business continues to expand in Mobile with Airbus' expanding aircraft engineering and assembly facilities at Mobile Aeroplex at Brookley. Also, military ship building continues to be a growing industry with Austal building advanced combat naval vessels in Mobile. The Alabama State Docks at Mobile also provide a solid catalyst for new jobs with export and import opportunities.

Mobile is also seeing explosive growth from e-commerce retailers. Amazon opened a \$30 million sorting center in 2018. Walmart officially opened its \$135 million distribution center in Mobile County in the spring 2018, which encompasses 2.6 million square feet.
