

NORTHERN CENTER

State-of-the-art modern medical offices
Architecture and interiors by EXCollaborative

138-18 Northern Boulevard, Flushing, NY 11354

Northern Center Medical Office Tower

Located just beyond bustling downtown Flushing, Northern Center sets a new standard for high-end residential and commercial development in the neighborhood.

A unified street-level facade along Northern Blvd integrates a separate lobby entrance to the 17-story commercial tower. This unique structure includes separate parking and commercial condominium spaces for state-of-the-art medical office suites.

Discover the future of medical practice with our state-of-the-art medical office tower, now offering community facility spaces for sale. Designed with cutting-edge technology and contemporary aesthetics, this modern facility provides a premier environment for medical professionals. The tower features spacious, customizable office suites equipped with the latest infrastructure to support advanced medical practices. With convenient access to top-tier amenities, ample parking, and a sophisticated design, this development is ideal for establishing a thriving medical practice in a prestigious location.
