**ACTION**  
PROPERTY MANAGEMENT

The subject property is located within 1-mile of the new \$2B Nexus residential, commercial, and industrial development. Over 2500 residential units have recently been approved within a 1-mile radius with another 1,400+ that have been submitted for approval within a 1.5 mile radius. Located 1.25 miles due East from the new Highway 109N / Albert Gallatin Ave exit, one block south of the Blythe Ave / Albert Gallatin Ave intersection.

The property gently slopes to the tree line where it levels out. There is a gradual downward slope to the south for drainage. The property abuts the Cumberland Electric Service Center to the north and the CSX railroad to the east on the backside of the property.

Gallatin has been recognized by regionally and nationally as one of the fastest growing areas of the Nashville-Davidson County MSA. Gallatin is home to a new \$1.5B Facebook / Meta datacenter - a top development project for the State of Tennessee.

## Public Works

All utilities at the road on Blythe Ave.

- 12" Water Main
- 8" Sanitary Sewer
- 4" Natural Gas
- Note Blythe Ave is scheduled to be widened by the City of Gallatin in 2026. Some utilities may be upgraded at that time.

## Blythe Avenue Widening Project

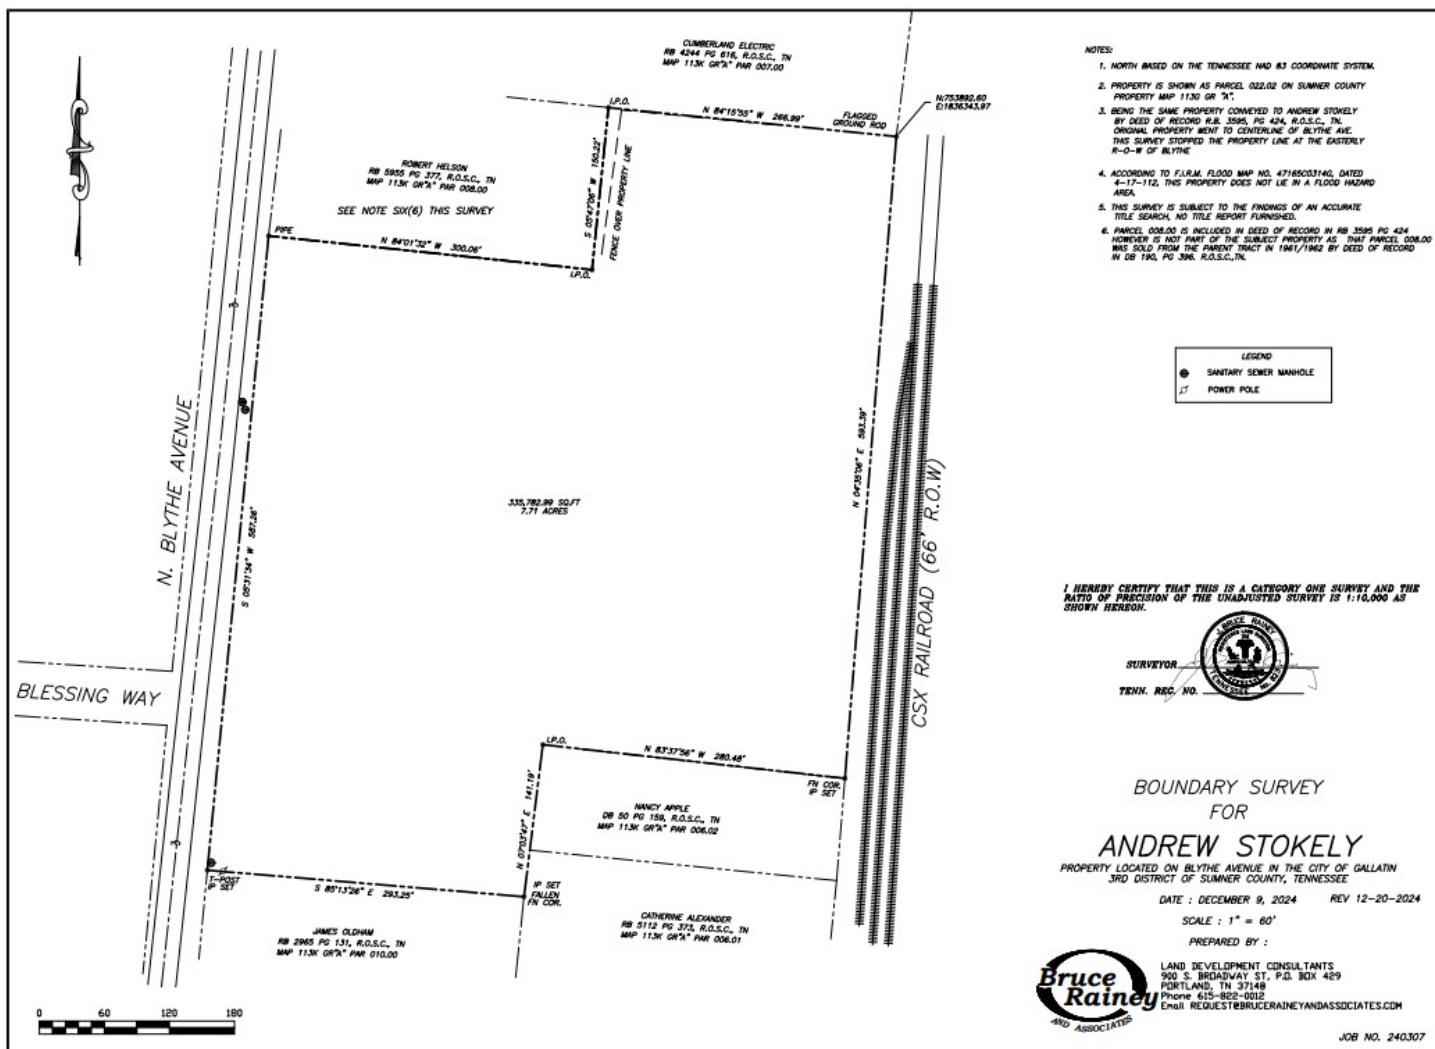

Blythe Ave is scheduled to be widened to three lanes with dual sidewalks, bike lanes, and curb / gutters in 2026. ROW acquisitions have begun, but have not reached the subject property at this time.

The new Albert Gallatin Ave extension recently opened and connects to State Hwy 109N. The new Blythe Ave / Albert Gallatin Ave signalized intersection is one block to the north of the subject property.

**ARTICLE 8.00**  
**PROVISIONS FOR COMMERCIAL DISTRICTS**

**08.00 General Purpose and Intent of Commercial Districts**

The commercial districts established by this Ordinance are designed to promote and protect the health, safety, morals, convenience, order, prosperity, and other aspects of the general welfare. They are further designed to provide space for the many and diverse types of commercial activity needed to serve people and industry and maintain the economic base of the City of Gallatin, preserve and enhance property values and promote the constructive improvement and orderly growth of the existing well-located commercial centers and districts, prevent indiscriminate mixture of commercial activity within commercial areas and the scattering of commercial uses in the residential and agricultural districts, protect adjacent residential areas from offensive and detrimental influences, and promote the most efficient and desirable use of land. Within each commercial district, all uses are subject to the performance standards established in Article 13.00 of this Ordinance and shall not make an adverse impact at the zone lot line which would exceed such performance standards.

### **08.03 Intent and Purpose of CG - Commercial General District**

This class of district is designed primarily to provide sufficient space in appropriate locations for establishments and uses engaged in wholesale trade, the warehousing of a wide variety of products having the highest performance standards and the least objectionable characteristics, and services ancillary thereto. Other commercial uses are also permitted. As these activities tend to generate relatively large volumes of traffic and have other characteristics detrimental to residential districts, their locations should be removed from the proximity of residential districts insofar as possible. All such uses shall comply with the requirements of the International Building Code, whichever is more restrictive.

#### **08.03.010 Uses and Structures**

- A. Principal Permitted Uses and Structures - Within the General Commercial Districts as shown on the Gallatin Municipal and Regional Zoning Maps, the following activities, as described in Section 03.07 are permitted:

B. Permitted Accessory Uses and Structures

1. Signs in accordance with the regulations contained in Section 13.07.
2. Accessory off-street parking and loading facilities as required in Article 11.00.
3. Accessory facilities and buildings customarily incidental and appurtenant to a permitted use provided that such accessory facilities and buildings are carried out on the same zone lot and are not otherwise prohibited.

C. Uses Permitted with Conditions

Commercial Activities

Construction Sales and Services with the following conditions:

1. The use shall have direct access to an arterial, collector roadway as classified on the official Major Thoroughfare Plan or a local street capable of accommodating heavy truck traffic as determined by the Engineering Division. However, no such use shall be permitted with direct access to US 31E or to a lot or parcel fronting on US Highway 31E.
2. All required landscape buffers, per Article 13, Section 13.04, shall be installed on the property. If a residential use is located adjacent to the property the required buffer yard shall be no less than 30 feet in width.
3. The property or properties shall be adjacent to a railroad right-of-way to provide an option for direct service by rail.
4. Driveways to/from the site shall be design with appropriate radii for large truck access and meet the access management spacing requirements of the City.
5. No in-operable vehicles shall be stored on the property.
6. Inventory shall not be stacked or elevated above 8 feet in height from the ground for a distance of no less than 30 feet from any property boundary. In no case shall stacked materials exceed 30 feet in height.
7. An opaque fence or wall shall be provided along adjacent private properties.

D. Conditional Uses - The following activities may be permitted only as conditional uses in accordance with Section 15.06:
