# EXECUTIVE SUMMARY

We are pleased to present a brand-new industrial park currently under development, located along NW Commerce Lakes Drive in Port St. Lucie, Florida. Upon completion, the project is expected to consist of two modern industrial buildings, each totaling 11,827 square feet, for a combined rentable area of 23,654 square feet.

The development is designed to include 18 total bays, offering significant pre-leasing opportunities that allow ownership to capture tenant demand ahead of project delivery and stabilize the asset upon completion.

The property is currently under construction with a projected completion in **Q1 2026**. The buildings are planned to feature high clear ceiling heights, 3-phase power and 14-foot manual roll-up doors at each unit, accommodating a broad range of light industrial, service, and flex users. The planned unit mix includes sixteen (16) units measuring approximately 1,245 square feet, along with two (2) larger 1,867 square foot flex units designed to accommodate both warehouse and office functionality.

The site benefits from a strategic location near the I-95 interchange, providing efficient regional access throughout the Treasure Coast and South Florida. The surrounding area continues to experience strong industrial growth, with multiple new construction industrial developments reinforcing the corridor's long-term demand fundamentals.
