Location

The location in New Jersey is ideal for distribution to over one third of the US population within one day.

In the past five years, numerous companies have chosen Burlington County for new distribution facilities, including: Walmart, Amazon, Misfits Markets, Mitsubishi Logistics, Trane, Eaton Corp, Veritiv, Grainger and Sunbasket, making it a proven location to reach consumers on the I-95 corridor.

About Dermody

Dermody is a privately-owned real estate investment, development and management firm that specializes in the acquisition and development of logistics real estate in strategic locations for e-commerce fulfillment centers, third-party logistics and distribution customers. Founded in 1960, Dermody has invested more than \$10 billion of total capital across all platforms nationwide, having acquired and developed approximately 110 million square feet of logistics and industrial facilities. In addition to its corporate office in Reno, Nev., it has regional offices in northern and southern California, Atlanta, Phoenix, Seattle, Chicago, Dallas, Indianapolis and New Jersey. For more information, visit www.Dermody.com.

About the LogistiCenter® Brand

LogistiCenter® is a national trademark brand, owned and developed by Dermody. It represents the firm's business philosophy of developing Class A distribution facilities that meet the supply-chain requirements of the most innovative companies. All LogistiCenter® facilities are designed to meet best practices in sustainable design and construction, and incorporate building features, such as additional clear height and extra trailer and car parking, that enable companies to execute their operations more effectively and efficiently.

About Newmark

At Newmark, we don't just adapt to what our partners need—we adapt to what the future demands. Our integrated platform delivers seamlessly connected services tailored to every type of client, from owners to occupiers, investors to founders, and growing startups to leading companies. We think outside of boxes, buildings and business lines, delivering a global perspective and a nimble approach. From reimagining spaces to engineering solutions, we have the vision to see what's next and the tenacity to get there first.
