

VICINITY MAP

Preliminary Plan

SCALE: Hor: 1" = 80'

GENERAL NOTES:

- Proposed Land Use: Commercial (17 Lots)
Right-of-Way: x.xx ac.
Avg. Lot Size: x.xx ac. (xxxx sf)
- According to the Flood Insurance Rate Maps for Brazos County, Texas and Incorporated Areas, Map Numbers 4804100400E effective 05/16/2012, no portion of this property is located in a 100-year flood hazard area.
- Existing ground contours are based on a aerial data of the site.
- A POA shall be established with direct responsibility to, and controlled by, the property owners involved to provide for operation, repair and maintenance of all common areas, private drainage easements, the private stormwater detention facilities which are part of this subdivision. The City of Bryan shall not be responsible for any operation, repair or maintenance of these areas.
- Abbreviations:
P.U.E. - Public Utility Easement
P.D.E. - Public Drainage Easement
P.O.A. - Property Owner's Association
R.O.W. - Right of Way
- Common Areas shall be owned & maintained by Property Owners Association
- Electricity will be served by City of Bryan and Water to be served by Wellborn Water SUD.
- Lots shall not take direct access to State Hwy 6.
- All minimum setbacks shall be in accordance with the Brazos County setbacks.
- All lots served by an individual on-site sewage facility (OSSF) must comply with all county and state OSSF regulations. All OSSF construction must have an Authorization to Construct (ATC) permit issued by the Brazos County Health Department. This permit ensures compliance with the county order adopted by the Commissioners Court of Brazos County, pursuant to the provisions of section 21.084 of the Texas water code. On-site sewage facilities disposal areas shall not encroach the 100 foot or the 150 foot sanitary zone of a private or public well respectively.
- No on-site sewage facility (OSSF) Authorization to Construct permit for an individual lot will be issued without first having a site evaluation report on file for that individual lot. The site evaluation must be done by a state licensed site evaluator and include a soil survey.
- Where electric facilities are installed, BTU has the right to install, operate, relocated, construct, reconstruct, add to, maintain, inspect, patrol, enlarge, repair, remove and replace said facilities, upon, over, under, and across the property included in the PUE, and the right of egress and ingress on property adjacent to the PUE to access electric facilities.
- Basis of Bearings: State Plane Coord. NAD-83

NOTE:
This serves as a general guide only. Utility Company is to provide location of proposed electric, gas, and telecommunication lines.

Typical Utility Layout
