OWNER-USER OR INVESTMENT OPPORTUNITY

Whether you're looking to expand your auto business, lease it out for income, or landbank in a stable location, this Auto Body & Repair Shop opportunity is ideal for Investors & Owner/User Operators.

HIGH DEMAND FOR AUTO SERVICES

Los Angeles is car-dependent, with over 6 million registered vehicles in LA County alone. Auto body and repair services are essential and recession-resistant, making tenant demand consistent even during economic downturns.

LIMITED SUPPLY | ZONED SPACE

Industrial and auto-related zoning is becoming increasingly rare and restrictive in LA due to rezoning for residential or mixed-use development. This limited supply means existing properties hold strong long-term value and experience low vacancy rates.

ESTABLISHED, LONG-TERM TENANTS

Auto shop tenants often stay in place for years due to the high cost of relocating and rebuilding infrastructure (lifts, paint booths, permits, etc.). This means stable, long-term lease income for property owners.

BARRIERS TO ENTRY PROTECT VALUE

Opening a new shop requires special permits (air quality, hazardous waste, zoning), which makes existing facilities more valuable and less likely to face competition from new developments.

VALUE-ADD

Owners can often boost returns through cosmetic improvements, lease-up strategies, or repositioning (e.g., adding used car sales, tire services, or towing operations). Furthermore, properties in prime locations may present future redevelopment potential.

DIVERSIFICATION IN AN INDUSTRIAL PORTFOLIO

Auto-related real estate offers a unique asset class within industrial properties, less reliant on logistics or warehousing, and provides stable cash flow with fewer tech-driven disruptions.

KEY HIGHLIGHTS

Situated in the heart of the San Fernando Valley, this property benefits from high traffic counts, excellent visibility, and proximity to major thoroughfares and freeways - ideal for capturing both local and commuter clientele.

EQUIPPED & OPERATIONAL

This isn't just a building, ownership retains the existing infrastructure suitable for automotive services, including lifts, spray booths, and ventilation, it offers immediate business utility for owner-operators or tenants.

ZONED & READY

Industrial/commercial zoning allows for continued use as an auto body and repair shop, and may support a range of other industrial or automotive-related businesses. Buyers can also explore redevelopment potential (subject to zoning).

DEVELOPMENT

Based on the Zoning there may be potential to develop.

STRONG MARKET FUNDAMENTALS

Canoga Park and the surrounding area have seen consistent industrial demand and limited supply, making this a solid long-term investment whether you're an operator, investor, or developer.

OWNER-USER OR INVESTMENT OPPORTUNITY

Whether you're looking to expand your auto business, lease it out for income, or landbank in a growing area, this property checks the boxes. Properties like this are rarely available in this part of the Valley.
