+ BUILDING OVERVIEW

Located conveniently in the bustling I-270 life science corridor near the Shady Grove Life Science Center with easy access from exits 6 and 8, 1450 Research Boulevard is a newly renovated, three-story, 45,000 SF, life science building in Rockville, MD.

Improvements to the building include two shared conference rooms, a patio/outdoor entertaining area, a three-level open staircase, restrooms, an autoclave and glass-wash, and a tenant lounge with a pantry equipped with Wi-Fi.

Brand new mechanical, electrical, and plumbing systems, natural gas backup generator, a dedicated outdoor air supply (DOAS) unit, and a service elevator ensure reliable and highly functional infrastructure.

+ NEW AMENITIES

- Tenant lounge/ pantry
- Shared conference rooms
- Outdoor collaboration area
- Common areas and restrooms
- Shared glass wash & autoclave
- Freight elevator
- Loading area
- Backup generator
- Lab ready mechanical systems
- 4 electric vehicle charging stations
