SITE PLAN / FLOOR PLAN

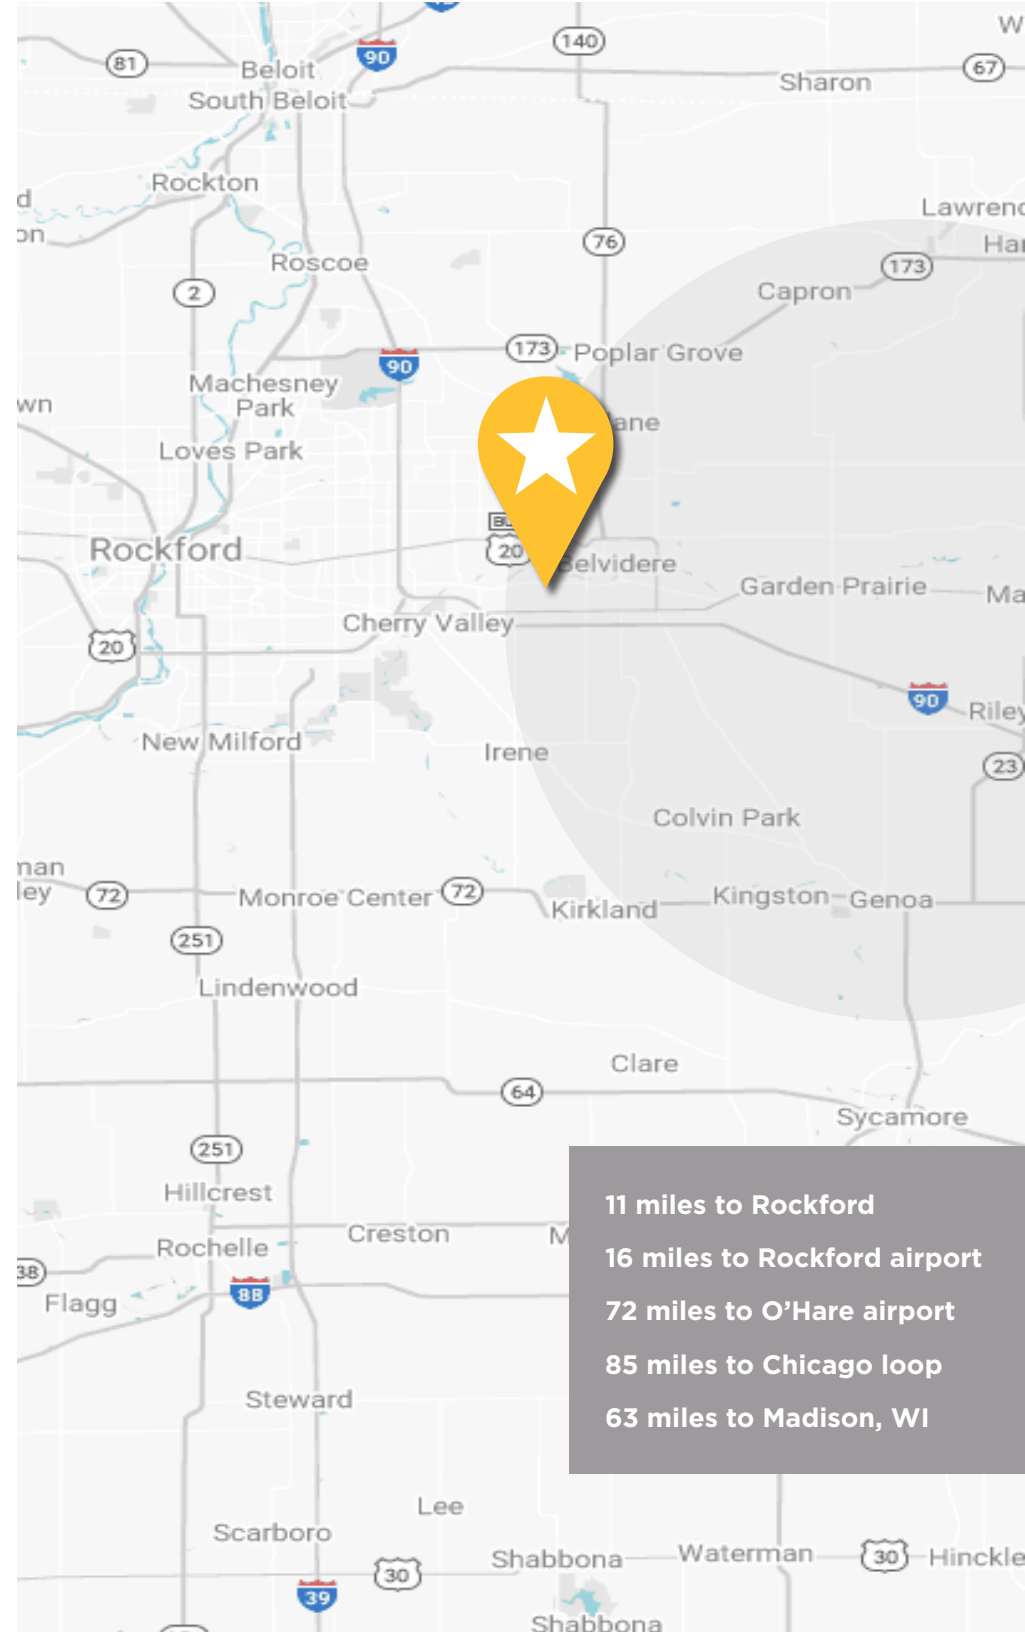

BELVIDERE

Located immediately east of Rockford, the third largest city in Illinois. Belvidere is 70 miles from O'Hare International Airport, and 90 miles northwest of Chicago. Belvidere is located near the intersection of Interstate 39 (I-39) and Interstate 90 (I-90), interstates that connect to primary Midwest interstates I-88, I-80, I-55, I-94, and I-74.

Fiat Chrysler Automobiles and its suppliers expanded to record employment in Belvidere with the help of local incentives and cooperative city and county government. Belvidere's business-friendly attitude helps projects move forward on time and on budget. Belvidere's strategic location has brought success to General Mills' end-to-end snack food manufacturing facility, including a new \$30 million investment to add production, packaging, and distribution of Lärabar products this fall. Other food and logistics operations here, such as Dean Foods, Americold, and XPO Logistics, thrive because of Belvidere's central location.

Belvidere has a strong workforce. Because of Belvidere's location between the Chicago and Rockford regions, the city offers a primary labor force of 167,000 and a secondary labor force of 844,093 within a 45 minute commute. Belvidere is part of the Rockford Metropolitan Statistical Area (MSA), which has approximately 31,000 workers in manufacturing. Due to Belvidere's logistics and easy access to work, the workforce migrates from a 60 mile radius for competitive jobs. Belvidere has strong relationships with the local community college and Workforce Investment Board, and Belvidere collaborates to meet training and recruitment needs.
