The Chicago Market

With two international airports, six Class I railroads, seventeen intermodal facilities, and abundant interstate connectivity, Chicago boasts one of the most diverse transportation infrastructures in the US. Link Logistics' Chicagoland warehouse spaces provide access to these advantages with access to more than half of the US population within one- to two- day truck drive.

The Link Logistics Difference

Link Logistics provides well-located spaces backed by data, technology and sustainability solutions—including [Link+](#) and [Energy Solutions](#)—to help businesses operate efficiently and support customer success.
