Opportunity

2690 Snelling Ave N presents a compelling opportunity for an owner-user to acquire a highly visible ±17,193 SF building at a premier signalized corner in one of the Twin Cities' most active commercial corridors. With approximately 50% occupancy, the property offers immediate availability for a user to occupy a significant portion of the building while benefiting from in-place income from established tenants, including U.S. Bank and Heartland Dental.

The asset provides a rare combination of branding, access, and flexibility, allowing a buyer to control their real estate in a high-traffic location while offsetting occupancy costs through existing cash flow. The building's layout and remaining vacancy create the ability to tailor space to a user's needs or lease additional space over time to further enhance returns.

Situated at the intersection of Snelling Avenue and County Road C, the property benefits from strong visibility and traffic counts exceeding 30,000 vehicles per day, along with proximity to Rosedale Center and a dense mix of retail, office, and residential development. This central location provides convenient access to both downtown Minneapolis and Saint Paul, making it an ideal location for companies seeking both identity and accessibility.

2690 Snelling Ave N allows an owner-user to occupy a highly visible location while offsetting occupancy costs through existing income and creating additional value through lease-up and flexible use of the remaining space.

Features & Amenities

± 8,500 SF available for immediate owner-user occupancy

SIGNALIZED INTERSECTION

City of Roseville

A vibrant suburb located just minutes from Minneapolis and St. Paul, offering convenient access to both Minneapolis and St. Paul while maintaining a strong suburban identity. Known for its abundant parks and trails, strong school district, and the popular Rosedale Center shopping destination; Roseville strikes a balance between suburban comfort and urban connection.
