Ideal Uses

Use Type	Use Type
✓ E-Commerce Fulfillment	✓ Third-Party Logistics (3PL)
✓ Distribution / Wholesale	✓ Light Manufacturing
✓ Food & Beverage Storage	✓ Building Materials
✓ Auto Parts Distribution	✓ Cross-Docking Operations

Why This Space Stands Out

1. **28-foot clear height** — well above the Phoenix average of 20–24 feet. Maximize vertical storage and accommodate taller racking systems.
2. **8 loading docks** — handle high-volume inbound and outbound freight without bottlenecks.
3. **35 total parking spaces** — ample room for employees, visitors, and staging.
4. **Office space available if needed** — flexible configuration to suit your operations.
5. **Lease direct** — no broker fees, faster decisions, and flexible terms.
6. **Competitive rate at ~\$1.15/SF/month gross** — right at the Phoenix market average, but with 28’ clear height and 8 docks that most buildings in this corridor don’t offer.
