Key Figures of Northern Nevada

Northern Nevada is experiencing rapid population and employment growth, with Nevada ranked 8th in the nation for annual population increases. The region is a hub for technological advancement, boasting the world's largest data center, SuperNAP Reno. It is also home to the Tahoe-Reno Industrial Center, the largest industrial park globally, attracting major companies and driving economic expansion. As the most digitally connected state in the U.S., Nevada continues to be a leader in innovation and infrastructure development.

A Look at Northern Nevada

Washoe County

Washoe County, situated in the northwest corner of Nevada along the California and Oregon borders, is the second most populous county in the state, boasting **over 500,106 residents**. The county's southwest corner meets the northeast corner of Lake Tahoe, while both Washoe Lake and Pyramid Lake are also encompassed within its borders.

City of Reno

Named as the US's #1 small city for 2022, Reno attracts nearly **4.8MM visitors** annually with events like the Reno Rodeo, Hot August Nights, Reno Air Races, and Street Vibrations. The city has undergone a renaissance, boasting a thriving tech presence and a dynamic arts community, featuring street murals and sculptures. Industrial expansions in northern Nevada, especially in the Tahoe-Reno Industrial Center (TRIC) and eastern Sparks, along with marijuana legalization, have drawn investors and manufacturers from neighboring states.

University of Nevada, Reno

The University of Nevada, Reno, established in 1874 and based in Reno since 1885, comprises 13 colleges and schools, **offering more than 460 Tier-1 degree programs** and averaging over 20,945 students annually. A notable tradition is the Reno-UNLV rivalry, highlighted by the competition for the Fremont cannon. This replica cannon is awarded to the winner of the annual Reno-UNLV football game and is painted in the victorious team's colors, blue or red.

Lake Tahoe

Lake Tahoe, located less than 25 miles from downtown Reno, serves as a year-round destination for outdoor enthusiasts. It offers water sports in the summer and transforms into a winter sports haven with North America's largest concentration of ski resorts, receiving 400 inches of snow annually.

A Look at Northern Nevada

TRIC

The Tahoe-Reno Industrial Center (TRIC), the world's largest industrial park at **over 15,000 acres**, lies just nine miles east of Reno/Sparks. Accessible via I-80 and Hwy. 50, thanks to the USA Parkway expansion into Silver Springs, TRIC offers expedited shipping to seven western states within a day and the remaining four within two days.

SouthEast Connector

Completed in 2018, the SouthEast Connector offers an alternative transportation route between east Sparks and south Reno, comprising a new 5.5-mile arterial road, seven bridges, two signalized intersections, and a multi-use path for recreational users. This new roadway serves as a bypass from the congested US-395/I-580 freeway and the southwest section of McCarran Blvd.

Carson City

Carson City, the capital of Nevada, lies just south of Washoe County and boasts an estimated **population of 57,978 in 2024**. During the day, the population swells to over 65,000, driven by government employees commuting from Washoe and Douglas counties. Recent downtown renovations have spurred business growth and foot traffic, complementing Carson City's rich history and scenic allure, which consistently attract tourists year-round.

Douglas County

Douglas County, positioned along the Nevada/California border just south of Carson City, encompasses the towns of Minden, Gardnerville, and Genoa, hosting a **population exceeding 49,311 residents**. The area's sample land has attracted numerous manufacturing companies, such as Starbucks Roasting Plant, GE, and North Sails, establishing a robust industrial presence in the region.
