MC-ZONED, 1.38 AC COMMERCIAL SITE

The Moderate Commercial (MC) district is applied to smaller nodes of commercial activity than the Community Commercial and is clustered around key intersections.

This district is intended to function primarily as locally-oriented centers serving smaller trade areas than the Community Commercial district. Building size limitations ensure compatibility with the surrounding neighborhoods. Permitted development types include commercial retail, service, and office uses. This district also permits housing as a secondary use, with multifamily being developed in conjunction with commercial construction. Design Standards in Section 7.0100 for new construction and remodels which meet the thresholds described in Section 7.0003 will ensure a strong pedestrian orientation for new development.
