PROPERTY DESCRIPTION

BUSINESS PARKWAY

Carlisle Business Park—39 Acres of Rail-Served, Subdividable

Carlisle Business Park presents an exceptional opportunity to locate in a municipally owned, infrastructure-ready industrial setting in southwest Ohio. The site offers 39 acres zoned M-1 Industrial, with the flexibility to subdivide based on user requirements. It features direct rail access via Norfolk Southern and is competitively priced at \$60,000 per acre. All major utilities are on site, including a 12.47kV electric line with 2 MW of excess capacity (scalable to 100 MW), a 4-inch natural gas main with 25,396 MCF/year available, 8-inch water and sewer lines with ample capacity, and high-speed fiber from AT&T with AltaFiber expansion underway.

The park's flat topography, sandy/gravel soil, and minimal environmental encumbrances make it ideal for phased construction and a variety of end users, including light manufacturing, distribution, logistics, and non-intensive tech operations. As a city-owned asset, the property qualifies for strong local incentives and Port Authority financing tools, including sales tax abatements on construction materials, conduit and tax-exempt financing, and expedited permitting. Carlisle Business Park offers scalable infrastructure, flexible lot configurations, and strong public-private support for companies seeking speed-to-market and long-term success.

With more than 45 years of full-time experience in commercial real estate, Greg Blatt has built a career dedicated to helping entrepreneurs, investors, and communities unlock the full potential of real estate. As Director of KW Commercial for the Dayton and Cincinnati markets, Greg leads with a dual mission: to mentor the next generation of commercial brokers and to guide clients through complex transactions with clarity, creativity, and confidence.

Greg specializes in land development, industrial, retail, office, self-storage and multi-family properties, providing expertise in market cycles, zoning, entitlements, and site selection. He is recognized as a trusted advisor and “local economist,” helping clients uncover hidden value, structure advantageous terms, and build wealth that lasts for generations.

A past President of Dayton Realtors® (2023), Greg has been a voice for nearly 5,000 real estate professionals, while also serving on multiple Ohio Realtors® committees focused on commercial and legislative issues. His leadership extends beyond brokerage—having worked with JobsOhio, the Dayton Development Coalition, and REDI Cincinnati to attract investment and drive economic growth.

Greg’s professional designations—including Certified International Property Specialist (CIPS) and Master in Commercial Property (MiCP)—reflect his global perspective and depth of expertise. Yet at the core, his business is driven by a simple but powerful belief: real estate is more than a transaction; it’s a tool for financial freedom, legacy, and community impact.

When not advising clients or mentoring agents, Greg invests his time in community initiatives such as financial literacy programs, workforce housing, and leadership through the Dayton Realtors® Foundation. He also enjoys golf, woodworking, and spending time with family.

Mission: To help entrepreneurs and investors create margin and meaning in their lives through real estate.

Vision: To build wealth, freedom, and legacy that extends beyond one generation.

Values: Integrity, service, excellence, collaboration.

Perspective: Every property deserves more than a sign—it deserves a strategy.
