7.5.12. GENERAL COMMERCIAL (C-2) DISTRICT

The C-2 District is established to provide areas for general commercial activities designed to serve the community such as shopping centers, repair shops, wholesale businesses, and retail sales with limited outdoor display of goods and limited outdoor operations. This district promotes a broad range of commercial operations and services necessary for large regions of the County, providing community balance. Rezoning to the C-2 District should be avoided adjacent to any single-family Residential Zoning District (RE, RL, RM-1 or RM-2). C-2 Districts should be located on or within proximity to major thoroughfares. This shall not apply where an existing building or structure used as permitted within the C-2 District has been established prior to the adoption of this Ordinance on a parcel subject to an application for rezoning.
