Amazing!!

There is no way to describe how perfect the cottage and land is!! Alan was an amazing host even leaving a gift and the sweetest card since he knew we were on our honeymoon. The cottage is perfectly stocked with absolutely anything you might need. The back porch is the icing on the cake, we spent most of our time out there just enjoying the peacefulness. My kids came to visit and we had a blast in the peddle boat and kayak. If you aren't staying here you are missing out!!

Alan's place made my wife and I weekend really special. The inside of the home was immaculate and beautiful. And the scenery and all the amenities made for a really fun and relaxing weekend, check in and check out was very easy. The home is very close to downtown granbury and made it really convenient for activities. Would love to stay here again in the future, highly recommend!!

We had such an amazing weekend getaway. The place was exactly as described and shown in the pictures. Alan was friendly and attentive. He even let us borrow one of his fishing poles and pointed us in the direction where the fish would be biting. We will definitely be back.

Wonderful stay!

We had a wonderful stay and we were very impressed with the house. It looks like they just finished construction. And they didn't do it on the cheap like other rentals I've seen. The covered parking attached to the patio means you don't get wet coming and going in the rain. The outdoor patio furniture looked high end. Again, much better than other rentals I've seen. Even the bath towels we soft and comfy. This is a prime location if you like thhe outdoors or plan on using the lake or river. House is in a marshy area of the lake, and the river is right across the street. You can see it through the neighbors yards. The host, Alan, made sure I was always informed and was very responsive when I reached out. He knew it was our anniversary and left us a little gift. Thank you Alan! I would definitely rent this property, or another property from Alan.

The cabin and area near the lake were beautiful (make sure to try and catch the sunrise and sunset, it looked just like the pictures)! The hosts were quick to respond and help out when needed, and they left so many activities/amenities for us to use (including smores supplies, firestarters, and firewood). We spent most of our time outside enjoying the view of the lake near the campfire and had such a nice time. There is also a small public park nearby where you can see the Brazos River! The tiny cabin itself was very nice and comfortable with all the basics for cooking. Overall a beautiful and rejuvenating place. Truly a Texas experience.

We had an incredibly rejuvenating 33 year anniversary get away, and our cozy cabin exceeded our expectations. Our thoughtful host even left us a heartfelt card and a bottle of wine. He went above and beyond to make sure we had the best experience from bring us an umbrella to protect us from the sun while fishing to providing great local places to go!! The sunsets were amazing and everything needed for the weekend was provided.

He made frequent email contact to make sure we were comfortable and did not need anything!! The directions and all information on line were perfect and accurate!

We had the most relaxing and enjoyable weekend at this beautiful lake house! The views were stunning, the house was spotless and well-stocked with everything we needed, and the peaceful setting was exactly what we were looking for. One of our favorite moments was gathering around the fire pit in the evenings to make s'mores—such a cozy and fun touch. Whether we were sipping coffee on the deck, boating on the lake, or just unwinding indoors, every part of the stay was perfect. The host was thoughtful and responsive, making everything easy from start to finish. We can't wait to come back!

We had a great time at the cabin! We were in town for my friend's wedding so we decided to make a weekend out of it. It was exactly what we were looking for. We live in Dallas and we just wanted a local getaway in the country and that was exactly what we got. Allan was very responsive and helpful when I was trying to find a spot to book.

He even treated us with a bottle of wine which was so thoughtful!

Highly recommend Allan and his cabin! 🍷 😊

Stayed the weekend to just unwind and get some sun, the cabin is right next to the lake and was SO beautiful and peaceful. Alan was so helpful and kind, he let us have a later check out so we could sleep in a little which we really appreciated. Already talking about renting the cabin again at the end of summer. Definitely coming back
