East Village Public Spaces

Inspired by some of the world's most liveable places, **East Village** is now unfolding into a riverfront destination known for its vibrant events calendar, innovative public arts program and diverse mix of residential development projects.

\$396 million
Infrastructure investment to date

\$3 billion
Planned private investment

1 RIVERWALK

Dedicated pedestrian and cycle lanes wind their way along the edges of the Bow and Elbow rivers, dotted by restful benches nestled among naturalized vegetation.

Hundreds of fresh air enthusiasts run, cycle and stroll along the award-winning pathway every day

2 CELEBRATION SQUARE URBAN PARK

Perfectly situated to provide a mid-day sunshine break to folks in nearby offices or residents returning home from downtown. A curved stretch of wooden bench offers ample seating, a small stage allows a variety of programming, and the veil's architectural baffles animate the movement of passing trains.

3 THE RIFF (PROPOSED)

The Riff is a pedestrian street that will form a bold diagonal through East Village square street grid. This inventive bit of streetscaping starts at 9th Ave. SE and 4th St. SE – the location of Studio Bell, home of the National Music Centre – and draws a line where it intersects with the RiverWalk. There's nothing else like the Riff in East Village – or in all of Calgary, for that matter.

4 5TH STREET SQUARE

This multi-purpose space plays host to vibrant community gatherings, such as food truck events, seniors' programs, and holiday festivities.

5 CROSSROADS

The Crossroads area contains a children's playground, a thriving community garden, an apple orchard, and the Wheel of Women installation.
