THE FAN DISTRICT

The Fan District is located on the western edge of downtown and VCU's Monroe Park campus. The Fan is one of Richmond's most striking and engaging urban neighborhoods.

The Fan was largely developed in the early 1900's and remains one of the city's most walkable and pedestrian friendly places to live. The density and mixed-use nature of the Fan means cultural, entertainment, and dining options are located within the residential district and this unique blend is one of the Fan's most appealing attributes.

In keeping with the early 20th century urban design philosophy, almost every location within the Fan is a short and reasonable walk of several restaurants and markets. Main Street and Robinson Streets serve as commercial corridors housing many restaurants, breweries, coffee shops, and more. Lombardy, Meadow, and Strawberry Streets all have a high instances of dining establishments and markets.

The Fan's strategic location means that the best of the city is never far away. The Boulevard corridor is home to the famed Virginia Museum of Fine Arts (VMFA), the Virginia Museum of History and Culture, the Science Museum of Virginia, and the Children's Museum. In addition to museums, the Boulevard and Broad St corridor provides numerous entertainment options such as Bow Tie Theater, the historic Byrd Theatre, and CarMax Park, home to the Flying Squirrels baseball club (AA Affiliate of the San Francisco Giants).
