# BIG THINGS ARE HAPPENING

## IN KANSAS CITY

2023

### NEW KCI TERMINAL

In February 2023, Kansas City unveiled its state-of-the-art single terminal airport, featuring 40 gates, 6,200 garage parking spaces, and more than 50 shops and restaurants—over 80% of which are locally owned. With 157 daily departures, the new terminal has quickly become a major hub for travelers. Since its opening, it has seen record-breaking passenger traffic and has earned widespread recognition, including multiple national and international awards. In July 2024, it was ranked among the Top 10 airports in the U.S. by Travel + Leisure.

2026

### FIFA WORLD CUP

The Kansas City region is proudly known as the Heart of America—and it's also a premier destination for sports fans of all kinds. In 2026, the metro area will host six FIFA World Cup matches, including four group-stage fixtures and two knockout round games. Beyond hosting, Kansas City's impact stretches even further: KC-based firms are contributing to the design of 13 out of the 16 World Cup venues across North America, showcasing the region's world-class talent on a global stage.

2024

### KC CURRENT STADIUM

The Kansas City Current made history with the opening of CPKC Stadium—the first stadium in the world purpose-built exclusively for a professional women's soccer team. The 11,500-seat venue hosted its inaugural match in March 2024 and stands as a bold symbol of progress in women's sports. The team and stadium are backed by high-profile co-owners Brittany and Patrick Mahomes, the superstar quarterback of the Kansas City Chiefs, and his wife, whose support has helped elevate the club on and off the field.

NOW

### REGIONAL WINS

Between 2020 and 2024, the Kansas City metro added 58,291 new residents—outpacing population growth in major cities like Boston, Chicago, Cincinnati, Minneapolis, and Philadelphia, according to the U.S. Census Bureau. Kansas City also ranks as a top Midwestern market for net migration, attracting new residents from states including Texas, California, Colorado, Illinois, Florida, and many more. Looking ahead, the region is projected to grow another 9.5% by 2040. Kansas City is also a national logistics powerhouse—home to the largest rail center in the U.S. by tonnage—and boasts a manufacturing workforce that's 16.4% more productive than the national average.
