we've got skills.

The Land Source is uniquely qualified to be your **Development Services** team. Our fee-based services are designed for our clients to retain all equity within their ownership group.

about us

we practice the Art of land realty.

As dirt simple as some might think the business of land realty is, in truth, **it's an art.** Nowhere in real estate does the confluence of capital financing, architecture, engineering, governmental pleasantries, utility services, stormwater runoff, tax incentives, and grandma's third-cousin-once-removed-co-trustee-still-on-the-deed, come into play more than in land realty. The Land Source has been there – on both sides of the many fences – and our experience will benefit you.

technology edge.

Our proprietary technology systems form an integrated and collaborative platform that all members of our team utilize. Our database merges our 22,000+ contacts, **7,000+ land properties**, and 1,600 land contracts with our marketing systems. While most brokers only work their personal listings with their own contacts, our open systems are accessible to all of our team members, from any of their devices, anywhere in the world. This efficiency creates the setting for optimal communications which leads to better outcomes for our clients.
