QUALITY OF LIFE

El Dorado County is a very large county that stretches from the Sacramento area all the way to South Lake Tahoe at the Nevada Border. There are an abundance of activities in El Dorado County from wine tasting at one of the 50 wineries in the foothills, trying out a winter sport in the Sierra Nevada Mountains, or making the short drive into Sacramento to see an NBA game with the Sacramento Kings. El Dorado County is also home to two community colleges, but larger universities such as Sacramento State and the University of California Davis are a stone's throw away. El Dorado County is also home to many historic gold mining towns that have now been turned into tourist attractions. You could visit Historic Main Street in Placerville, or maybe Sutter's Mill where gold was first discovered in California.
